Dear Judiciary Committee:

Hello. I do not support ANY of these new gun laws being proposed. These laws only effect the law abiding citizens of Connecticut. The real issue is the lack of enforcement of the laws already on the books. We already have some of the strictest gun laws in the country. As of recently in the past two years we have watched with our own eyes the chaos and destruction the riots of 2020 caused. And now as some of you "Representatives" sit on this hearing are wearing Ukrainian flag pins or dresses in blue and yellow to support Ukraine and have been advocating for arming the people of Ukraine, rightfully so. Yet here in our own state you strip the rights from your own constituents. The Second Amendment is not about deer hunting as President Biden sheepishly said "Deer don't wear body armor". But do you know who does foreign militaries who would love nothing more than a disarmed populous. As Japanese Admiral Yamamoto said **"You cannot invade the mainland United States. There would be a rifle behind every blade of grass."**

Thank you,
George Heath
